

RABIA HAQ

rabiahq020@email.com | 0323-5424533

PROFILE

AI Developer specializing in Generative AI and Agentic AI systems, with hands-on experience in RAG pipelines, LangGraph, and n8n workflow automation. Skilled in Python, LLM integration, and tool-calling architectures to build autonomous AI agents for multi-step task execution and intelligent workflow automation. Focused on developing scalable AI systems for enterprise and productivity applications.

EXPERIENCE

Data Analyst Intern — MH Analytics (Remote)

- Performed data cleaning, preprocessing, and exploratory data analysis (EDA) to generate actionable business insights
- Designed and developed interactive Power BI dashboards for business reporting and decision-making
- Worked in a remote environment to deliver data-driven solutions and improve reporting efficiency
- Applied ETL processes to structure and transform raw datasets for analysis

PROJECTS

Movie Recommender System (Deployed) — Built content-based recommendation system using cosine similarity. Deployed on Streamlit Cloud. *Tech: Python, Pandas, Scikit-learn, Streamlit*

RAG Application — Developed end-to-end RAG pipeline for document Q&A with FAISS vector database and LLM API integration. *Tech: Python, FAISS, LangChain, Groq API*

Personal AI Assistant — Developed an AI agent using n8n and LLM integration for multi-step task automation. Enabled web search, Gmail and Google Calendar operations, expense tracking, notes management, and task CRUD functions. *Tech: n8n, Python, LLM APIs*

iPhone Price Prediction — Created supervised ML model for price prediction with feature engineering and model evaluation. *Tech: Python, Pandas, Scikit-learn*

SKILLS

Python (NumPy, Pandas, Scikit-learn) • SQL • Git & GitHub • Jupyter Notebook • Generative AI & RAG • Agentic AI & AI Agents • LangChain • Vector Databases (FAISS) • N8N • Prompt Engineering • Streamlit • Power BI • ETL • Data Cleaning • Data Modeling • Exploratory Data Analysis (EDA)

EDUCATION

Bachelor of Computer Science (BSCS) — Rawalpindi Women University, Rawalpindi

FSc Pre-Engineering — IMCG F-7/4, Islamabad

CERTIFICATIONS

- Generative AI Application Developer Certificate — NCEAC HEC PAKANGELS ASPIRE PAKISTAN
- IBM — Data Analysis with Python
- Power BI Job Simulation — PwC (Forage)
